In the past untrained Scheduled Tribe candidates have been appointed as teachers on regular basis and they have completed 2 years of service till they were paid stipend as per norms. After completion of two years they should get minimum of the scale to the post in which they were appointed till they acquire training qualification. It has been represented that many of the districts are giving minimum of the scale while some other district are not giving minimum scale. Therefore, in order to have uniformity, all the District Educational Officers are requested to allow minimum of the scale of the post in which un-trained candidates have been appointed provide they have completed two years of apprenticeship.

The District Educational Officers are requested to take immediate action.
